About SlotTarget

SlotTarget is free content oriented affiliation network for publishers with casino traffic. Service mission is to help publishers like game providers or bloggers maximise profits from their sites. Grounded on FortBI data SlotTarget is powerful, but easy to manage tool for affiliate business

How It Works

SlotTarget works similar to Google Adsense but for iGaming industry.

1. Registration of your resource
2. Verification and approval
3. Campaign setup process
4. Placing special JS widget code on your pages
5. Displaying context oriented offers in the widget optimized by visitors geo location after integration on publisher site
6. Transparent monitoring system of your income
7. Monthly pay out of all your earned commissions

Simple example

Let's imagine that player from Sweden lands on some game description page on your site.
SlotTarget widget will display only relevant casinos which accept players from Sweden and have this game in the games list.

* FortBI is a modern Business Intelligence data platform for iGaming industry. FortBI gather and aggregate information from different data sources. Among others: casinos and game providers sites, real money rounds history, demo games server responses.
